

Services Covered by IHSS

How to use this list:

- 1. Review your IHSS Provider Notification of Recipient Authorized Hours and Services and Maximum Weekly Hours (SOC 2271) which lists the services that are authorized for your recipient by the IHSS program. Ask your recipient/employer how many hours they would like you to work each month. If they are unable to tell you, contact the county and ask about the services and hours authorized for the recipient.
- 2. Once you find out about the services and hours authorized for the recipient, look at the list below to determine which tasks are included.

Remember, most recipients will not be authorized all of these services, and you can only be paid for the services and tasks that are authorized to your recipient. Also keep in mind the amount of time authorized for each service. You cannot be paid by the IHSS program for any time over the amount that is authorized.

IHSS Service	Tasks
Accompaniment to Alternative Resources	Helping the recipient get to and from alternative resources where the IHSS recipient receives services instead of IHSS.
Accompaniment to Medical Appointments	Helping the recipient get to and from the doctor, dentist, or other health related appointments. Wait-time is included if the recipient needs assistance with specific IHSS tasks during transportation and/or to and from the destination. Wait-time is also included when the recipient is able to transport himself/herself to appointments but needs assistance at the destination. "Wait Time-On Duty" is only authorized as a part of accompaniment to medical appointments when the provider is not performing work duties while waiting but unable to use time effectively for his/her own purposes. Generally, "Wait Time-
